Curriculum Vitae

Ned Hayes

Dr. **Ned Hayes** graduated from Tufts University School of Medicine in Boston and completed his residency in pediatrics at Maine Medical Center. Dr. Hayes trained in epidemiology at the U.S. Centers for Disease Control and Prevention (CDC) and is board-certified in the United States in both pediatrics- 4 - and preventive medicine. During his twenty years as an epidemiologist at CDC he worked on infectious diseases, environmental health, use of data for public health policy, and teaching applied epidemiology.

Before joining [CRESIB](#) as a Research Professor, Dr. Hayes most recently directed research on surveillance and epidemiology of arboviral diseases at CDC's Division of Vector-Borne Infectious Diseases in Colorado. He has authored or co-authored several medical text book chapters and more than 40 articles in medical journals on topics ranging from childhood lead poisoning to prevention of Lyme borreliosis, immigrant health, epidemiology of West Nile virus, and adverse events following yellow fever immunization. He joined CRESIB to work on public health education and the epidemiology of emergent diseases.

Speaker and member of the Scientific Committee at:
MIGRANT HEALTH AND IMPORTED DISEASES:
MEETING RESEARCH CHALLENGES

March, 9th–10th, 2011 Barcelona
